LEADERSHIP

UEFA-Certified Coaching Team

Our academy is led by a team of highly qualified, UEFA-certified coaches and former professional players, who bring their expertise in both youth development and competitive football.

DAILY TRAINING MODEL

Technical Development System

Each day, players engage in technical training sessions designed to improve individual skills with the ball—through high-intensity drills, strategic exercises, and game-like simulations that foster mastery and confidence on the pitch.

Our mission is to develop well-rounded players through a methodology that integrates:
technical precision • tactical understanding • physical performance • mental resilience.

LA ACADEMIA PHILOSOPHY

TACTICAL TRAINING

Game intelligence, transitions,
defensive/offensive systems

TECHNICAL DRILLS:

Control, passing, finishing, 1v1, aerial
duels

CONDITIONING:

Agility, strength, mobility, endurance

MENTAL PERFORMANCE:

Resilience, decision-making, leadership

We foster values like teamwork, discipline, effort, respect, and autonomy —
the cornerstones of both football and life.

COLLABORATION
